NO. 27

Why can't we come over to your house and play any more?
Because papa gets so mad when we make a little bit of noise.
What makes him that way?
Mamma says it's dyspepsia makes him act so crazy.
That's about the way it strikes the small boy. The dyspeptic has no idea of his own unreasonableness or harshness. Little things are magnified and seem to justify his quick anger.
There's health for the dyspeptic and happiness for the family by the use of Doctor Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition, and restores perfect health and strength, by enabling the perfect digestion and assimilation of food.
"I have taken one bottle of Dr. Pierce's Golden Medical Discovery for indigestion and liver complaint," writes Mr. C. M. Wilson, of Yankin College, Davidson Co., N. C. "I have had no bad spells since I commenced taking your medicine—in fact, have not felt like the same man. Before I took the 'Golden Medical Discovery' I could not eat anything without awful distress, but now I can eat anything I wish without having unpleasant feelings."
Dr. Pierce's Pleasant Pellets cleanse and regulate the bowels.

(Letter to Mrs. W. G. Welch.)

WASHINGTON, May 29.—Dear Sister: I have been in Washington since the 8th. Marie B. Edward and Georgia came in from Florida four days later. You can imagine how we have enjoyed our reunion. We are all in robust health, praise the Lord.

To itemize the events since I wrote last: We got out of quarantine Saturday, April 26, and spent the day at Zion City as guests of our dear general overseer. The weather was very unpropitious and the devil did his worst to spoil our pleasure; but he struck the wrong party when he tried to depress the 200 happy souls that had just issued from a 31 days' imprisonment. We enjoyed our outing immensely despite the raging elements set in motion by the malignant prince of the power of the air. We went out on a special train at 9 A. M., and returned on it at 5:30 P. M. It is a little over an hour's ride from Chicago to Zion City.

I received tri-union immersion on Sunday 27th, the first opportunity after my birthday on the 22nd, which was spent in quarantine. I was very happy in obeying the Lord in the way he commanded his apostles, though I in no wise, by doing so, ignored or repudiated the baptism of my infancy; for I have always held that the Lord accepts what we do, with the imperfect light we have, if it be genuine, as well as the more perfect obedience of later and more enlightened stages of experience.

So with sprinkling and one immersion, though both are unscriptural innovations, I am glad to believe the gracious Lord receives both as genuine, though ignorant attempt to obey Him. The times of ignorance God winks at, while still patiently going on to teach his poor children better. One immersion was foisted upon the church during the fourth century, by one Eunodius, who denied the Divinity of Christ and repudiated the hitherto unbroken practice of the church from apostolic times, because he did not wish to associate him with the Father in equal honors. Sprinkling came in at a much later date for a reason less heretical, but more frivolous.

Yet I would hesitate to declare our Baptist or Presbyterian friends unbaptized persons because both have departed from apostolic precept and example. God has taught me, especially in Zion, not to call anything common or unclean that his tolerant grace has declared clean.

The Sunday following my immersion, May 4, I was ordained an elder in the Christian Catholic church in Zion in the presence of assembled thousands in the auditorium in Chicago. Again blessing followed this second ordinance of the Lord's house, that I trust will bring forth good fruits in the future.

Tuesday, May 6th, I spent in Zion City. I went out to the divine healing meeting for my own personal wants, my hearing is defective and I was subject to attacks of vertigo; both of which would impair my efficiency in service. The general overseer laid his hands on me for these complaints and I have a good hope, through grace, that both ailments will vanish. Certainly there is no man on earth through whom the Lord can work in healing power as he can through Dr. Dowle. And the reason is obvious. There is no man on earth so completely surrendered as Dr. Dowle as an instrument. "A vessel meet for the Master's use." It is nothing wonderful. It is scriptural, logical, simple. God will work through any of us if he can work unhindered. That is the only secret of Dr. Dowle's power—that is known and read of all men who are willing to know and read. Ah, there is the difficulty; so few are willing to know!

I have taken charge of the little flock in Washington. The only place I could get was a small hall on Louisiana Ave., and that only on Saturdays and Sundays. I have divine healing services on Saturday afternoon at 3 o'clock and preaching on Sunday at 11 A. M. and 7:30 P. M. So far I have ample opportunity not to despise the day of small things. The same malevolent opposition to Zion confronts me here as others elsewhere. But you know from scripture that that is a divine authentication of a genuine mission.

I am to return with Mrs. Barnes to Chicago after July 1st. God bless you my sister. Pray for me. Wife sends love. Ever in Jesus, yours affectionately,

BRO. BARNES.

WHOOPIING COUGH.

MISS MAUDE MILLER POPE.

The above cut is only a fair likeness of the young lady who will represent Boyle county in our contest to be given Wednesday evening, June 18th, at Walton's Opera House. Miss Pope requests us to state that the use of her name in connection with any other contest is without her authority. She is quite popular in Boyle county, receiving a large vote in the Danville News' contest for the most popular young lady. Her subject is "Who Broke up de Meeting."

The fight for the republican Congressional nomination in this district promises to become warm before long. Hon. David G. Colson is billed to speak here on Saturday, June 14th, and he has invited both of his opponents to meet him in the discussion of the issues of the day.

The prohibition party of the 11th Congressional district held a convention and nominated Judge Wm. Stone, of Monticello, as their candidate for Congress. Mr. Stone is a brother of Messrs. J. Boyle and George E. Stone and formerly resident of Jamestown. He is well-known and highly respected and will poll a strong vote for his party.

The many friends of Edgar Wilkinson are glad to hear of the good prospect of his recovery. Joe Jordan was at Bell & Globesby's livery stable on Thursday buying horses. Miss Birdie Stone, of Monticello, is the guest of Miss Amanda Stone. Mr. Fayette Wilkinson has been visiting in town the past week. Miss Pearl Montgomery is at home from Hamilton College. Miss Fay Chamberlain, of Birmingham, Ala., and Misses Haldee Rowe and Sallie Patterson, of Jamestown, remained over visiting in town after the W. C. T. U. convention until Wednesday. E. T. Willis, of Cave City, was here on Wednesday. Mr. Almon Jones, of Montpelier, passed through here en route to Stanford to see his brother. Mrs. Bertie Wolford, of Columbia, is visiting Miss Lucile Bowman.

The Woman's Christian Temperance Union Convention of the 11th district met here at the Christian church on Tuesday evening, 27th. Welcome addresses were made by Elder J. Q. Montgomery, Hon. P. H. Taylor, Judge J. D. Belden, Miss Emma Belden and Master Herbert Warriner, to which Mrs. Sue Taylor, of Danville, and Mrs. Frances Beauchamp, of Lexington, responded on behalf of the visitors. Mrs. Sophia Stone, of Monticello, delivered an address as president. About 40 delegates, representing every Union in the district, together with about 25 visitors, were present. Three sessions a day were held and addresses were delivered by Judge Wm. Stone, State President Mrs. Frances Beauchamp, Miss Katherine Pettit and Eld. Tobias Huffaker. The Loyal Temperance Union gave an exhibition on Wednesday evening under the able supervision of Miss Annie Belden. A medal contest was held—Miss Ella Terrill, of Middleburg, carrying off the first prize. The following officers were elected for the ensuing year: President, Mrs. Sophia Stone, Monticello; Vice President, Miss Annie Belden, Liberty; Recording Secretary, Mrs. Cora Stone, Monticello; Corresponding Secretary, Miss Effie Falkenberg, Jamestown; Treasurer, Miss Elizabeth Phillips, Liberty. The next convention will be held at Somerset.

Valentine Ziegler, of Louisville, has the record for being the youngest grandfather in the country. He is only 34. He was married at 16 and his daughter, who is now a mother, was married at the same age.

THE INTERIOR JOURNAL

E. C. WALTON.

W. P. WALTON.

Is a Candidate for Railroad Commissioner for the 2d District, subject to the will of the democracy.

H. H. HENNINGER

Of Wayne County, is a candidate for State Treasurer, subject to the action of the Democratic party.

G. G. GILBERT

Of Shelbyville, is a candidate for the democratic nomination for Congress in the 8th district, subject to the primary to be held Saturday, Aug. 9.

THE following from yesterday's Courier-Journal will be good news to everybody—both British and Boer sympathizers: The Boers surrendered to the British at Pretoria, Saturday night. The terms were signed by the Boer representatives and Lords Milner and Kitchener. The news was cabled to London Sunday by Lord Kitchener, and was received there with great rejoicing. The official statement of the terms of the surrender has been given out, but W. T. Stead says the capitulation was not unconditional, and that the Boers will receive a large indemnity with which to build their homes. The Boer war began Oct. 11, 1899. It has cost Great Britain nearly \$1,000,000,000 and the lives of 22,206 soldiers, besides 73,982 wounded and invalided home. King Edward issued a proclamation after midnight expressing his satisfaction.

THE executive committee in this railroad commissioner's district has taken no action that we know of to rescind its work of two weeks ago when it showed very plainly its desire to shut out all candidates for the office save the incumbent, Mr. McChord. Such favoritism can only work to the detriment of the democratic party and if the committee doesn't do something to make amends for its hasty and unreasonable work, the people will and they will do so in no uncertain tones. Mr. McChord, who seems to be pulling the string on his "committee of three," should demand a recall of the snap action and he will do so if he knows what is good for himself.

OUR prohibition friends should not grow hilarious over the passage by the House of an order forbidding the sale of liquor in the capitol building. Even if the Senate concurs the honorable gentlemen who legislate for us will merely get drunk in the committee rooms instead of making public exhibitions of themselves in the Congressional restaurants. Moreover, the "cold tea" subterfuge of 25 years ago can be employed again. The man who wants whisky will find no difficulty in getting it in the capitol despite all the orders that may be framed.

WHAT have we been doing that is wrong now? The INTERIOR JOURNAL declares there is hope for us yet. It must have been something very bad indeed. When the INTERIOR JOURNAL hopes for us we are in despair.—Louisville Post.—Your sins are too many to enumerate, but the fact that you wear a democratic garb to better serve your purpose in knifing that party, is alone enough to damn your miserable existence and make you an eye-sore to lovers of democracy and people generally who admire decency and truth.

THE House has passed a bill to stop the coinage of silver dollars and to convert the \$35,000,000 of silver bullion now in the treasury vaults into small change. The bill provides also that if a sufficient supply of small change is not furnished by the bullion on hand some of the "dollars of the daddies" may be melted down and converted into halves, quarters and dimes. There are about 450,000,000 silver dollars stacked up, inert, in the treasury and subtreasury vaults. The bill will hardly become a law.

FORMER PRESIDENT CLEVELAND has accepted an invitation to speak at the opening of the new Tilden Club in New York City June 19. Invitations have been sent to about 1,500 prominent democrats. This will be the first time Mr. Cleveland has addressed a political audience since his retirement from office. It is sincerely hoped that Mr. Cleveland will come back into the democratic fold and make his last years his best by working for the party that has so greatly honored him.

WHEN the poor of Paris were starving for want of bread a lady of the ancient regime sympathetically asked why they did not eat cake. Similarly, while beef is rising under manipulation of the trust, why do not people eat strawberries and ice cream? asks the Philadelphia Record.

POLITICAL.

The House passed the Subsidiary Coinage bill. W. R. Howell has withdrawn from the race for Congress in the Second. It is the intention of the republican leaders in the Senate to hold a caucus on the Cuban Reciprocity bill with the hope of making it a party measure. James B. Frazier and J. N. McKenzie were nominated by the Tennessee democratic State convention respectively for governor and railroad commissioner.

State Senator Campbell Cantrill may oppose South Trimble for the Democratic nomination for Congress in the Seventh district.

The address of President Roosevelt at Arlington is interpreted to forecast that the army and flag will be made the campaign issue of the republicans.

The republicans of the Fifth Congressional district and of the Fourth appellate district renominated H. S. Irwin for Congress and George DuRelle for appellate judge.

The Seventh District Democratic Committee ordered a primary election July 26 to nominate a candidate for Congress. June 14 is the limit for the entry of candidates.

The democratic members of the Philippine committee insist that the investigation now in progress shall be continued until complete publicity is given affairs in the archipelago.

Hon. L. H. Lawson, who represents Pike county in the Lower House of the General Assembly, has announced his candidacy for the democratic nomination for Congress in the Tenth district.

Charges have been preferred against A. J. Wortham, postmaster at Henderson, and inspectors have been looking into the case. The charges are mostly political and were preferred by H. G. Jooris, who was an applicant for the office and was defeated by Mr. Wortham.

The Man and His Sneeze.

Once upon a time a man afflicted with annual attacks of hay fever was walking in the city with a friend.

"This is about the time when my trouble should begin," he said. "A wisp of hay or the down of a peach would now start me and send me to the mountains for relief."

Just then a grass widow passed him, and the man sneezed most vociferously. "You are indeed sensitive," said his friend.

Moral.—There are things that should be sneezed at.—New York Herald.

An Obedient Tiger.

"How entire," remarks the London Globe, "is the confidence of the native Indian in the government may be gathered from the following anecdote, which comes from Lahore: A tiger had escaped from the zoological gardens, and its keeper, hoping to lure it back, followed it. When all other inducements had failed, he lifted up his voice and solemnly adjured it in the name of the British government, to which it belonged, to come back to its cage. The tiger, it is needless to add, obeyed at once."

READ IT IN HIS NEWSPAPER.

George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by Craig & Hocker, druggists.

CHURCH MATTERS.

Kentucky has 700 Christian church Sunday schools and 80,000 teachers and pupils.

Rev. Strother M. Cook, who has been a Christian missionary at Lagos, West Africa, will give up the work there on account of the climate.

Mr. Valentine Fagaley tells us that next Sunday is children's day at Parlor Grove church, four miles from Waynesburg, and that everybody is invited to come and bring dinner.

CHOLERA MORBUS A DANGEROUS DISEASE.

In many instances attacks of cholera morbus terminate fatally before medicine can be procured or a physician summoned. The safe way is to keep at hand a reliable medicine for use in such cases. For this purpose there is nothing so sure as Chamberlain's Colic, Cholera and Diarrhoea Remedy. W. E. Bosworth, of Lafayette, Ala., says: "In June 1900, I had a serious attack of cholera morbus and one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy gave me relief in 15 minutes. For sale by Craig & Hocker, druggists."

GOLDEN WEALTH

Produced by Lincoln County, Ky., Soil.

THE GREEN RIVER DEVELOPMENT CO. has commenced operations on the Dr. Morris farm, one mile from the Baughman well, running day and night. A big well is expected. The Baughman well has been estimated by expert oil men, who saw it bailed, to be good for at least 100 barrels per day, and of high gravity illuminating oil. Wells of this character are far more valuable than a gusher. All of our holdings have been carefully selected and we confidently expect some big wells in near future. We now offer a limited number of shares for sale at 40c a share; the par value is \$1.00 a share, fully paid and non-assessable. Buy to-day—don't delay—when we get a big well this stock will be advanced and probably withdrawn from the market without notice. 25 shares is the smallest block the company will issue. Remit by certified check or postoffice money order, or call on or address S. P. Gray, General Manager, Crab Orchard, Ky., or W. S. Foutz, Secretary and Treasurer, Bluefield, W. Va.

THE docket of the June term of circuit court which begins Monday contains 74 Commonwealth cases, 17 ordinary, 9 ordinary appearances, 12 equity appearances and 72 old equity cases. There are two murder cases—Hiram Grant for killing Charley Likens and Alfred Bright for killing Sam Blake—more.

B. Portman, Harold Hutchings, Jack Rout, Foster McAllister, Welch Rochester, Ashby M. Warren, Wearren Hughes, Geo. D. Florence.

S. F. C.—Eld. B. J. Pinkerton has been elected for a second term as president of Stanford Female College. Miss Mattie Paxton will again be assistant to the president while Miss Ellen Ballou will continue to look after the music pupils. The term just about to end has been a splendid one in every sense except in a financial way, but the prospects for next term are more flattering in that extent. Parents generally are well satisfied with the work of their children and will return them to the college while a considerable number of new pupils have already been pledged.

MURDERED HIS WIFE.—At about midnight Saturday James Dawson, colored, shot his wife to death in Jerry Wade's yard in Macksville. A .38-calibre pistol was used and she was shot three times—once through the head and twice in the breast. Either of the wounds would have proven fatal. About 30 minutes later Marshal Jones arrested him in the St. Asaph Hotel, where he was quietly sitting around with his pistol by his side. On the way to jail he told the officer that his wife worried him so by following him around that he was compelled to get her out of the way. It is a horrible case of murder and if Dawson's life does not pay the penalty we will be very greatly surprised. The couple had not lived agreeably for some time and the wife had frequently told of her husband's threats to take her life. Dawson's wife attended a supper at the colored schoolhouse the night of the killing and he called her out twice to talk to him. He sent a third time for her, but she refused to come out, but later he saw her and walked with her to Wade's house. Lula Wade, daughter of Jerry Wade, returned from the supper after Dawson and wife did and saw them standing in her father's yard talking. They were speaking in an undertone, but she could tell they were quarrelling. Some 15 minutes later she heard the fatal shots. Dawson seems to be rather careless about his crime and spent Sunday and yesterday laying around in jail smoking cigarettes. He is said to have remarked that he would prefer being hung to going to the penitentiary and it is more than likely that he will get his preference. Dawson is about 25 years old and has worked for the hotels here for the past year. He is a good worker and has not been in any previous trouble that we know of.

CORONER Skidmore's jury composed of George B. Cooper, J. W. Hocker, A. P. Brackett, O. P. Huffman, E. C. Walton and J. H. Boone, rendered the following verdict: "We find that the body that lies before us is that of Martha Dawson, who came to her death by being shot by her husband, James Dawson."

The prisoner was brought out yesterday and his trial set for tomorrow. He has secured no attorney yet. The colored people are very much down on Dawson and they unhesitatingly say he should be hung.

WON A WATCH.—In the Danville News' popularity contest, Miss Eva Grant, of Danville, won the handsome gold watch offered and Miss Louise Hutchings, also of Little Britain, the \$10 worth of photographs offered by Photographer Choate. Misses Edna Baughman, Katherine Alcorn and Della Coffey, all of the West End of Lincoln, received votes by the thousands.

PLEASANT OCCASION.—Miss Lucille Cooper very delightfully entertained the T. I. A. Club and the five young ladies who will graduate with her at her home Friday evening. The guests assembled about 8:15 and from that time until the wee sma' hours joy reigned supreme. An hour or more was consumed in the contest for first honors in the game of "Courtship in Flowers." After choosing partners by lot the contest began in earnest. Some of the questions asked were perplexing and required both time and thought. Miss Sotie Alcorn was the first to win and was the recipient of a handsome bouquet as first prize. Dr. R. A. Jones, who is still working on the knotty problems, got the booby—some flower seed. Delightful refreshments were served between 10 and 11 and the rest of the evening was spent in games and conversing.

CRAB ORCHARD.—A fairly good crowd attended Mr. D. B. Edmiston's sale Saturday and household and kitchen furniture sold well. J. F. Edmiston, who has been in the census department at Washington, will travel for the Continental Insurance Co. The Crab Orchard band made music at the decoration day exercises at Berea Friday. It will play for the college commencement there tomorrow. News comes from Paris, Texas, that Mrs. J. M. James, who was Miss Grace Tudor, has a daughter. Roscoe C. Perkins, who has been at Phoenix, Arizona, has gone on a ranch near Lawson, N. M., and he is much pleased with his prospects. Mrs. Alice Newland has the park at the depot looking like a veritable garden of Eden. She takes great pride in making this little enclosure pleasing to the eye. Guests are already arriving at the Springs, which are now in the pink of condition. Manager Willis has worked hard getting things fixed up, but he has the satisfaction now of knowing that he has the prettiest, cleanest and best Summer resort in Kentucky. Mr. W. S. Myers is back from Thorn-town, Ind., slightly improved in health. General regret is expressed at the removal of Mr. and Mrs. Morris J. Harris to Louisville.

ESTES & SHARP will give a big picnic near Middleburg on Saturday, June 14.

A STRONG flow of gas was struck in Baughman Well No. 3 at 340 feet. The indications for oil are fine.

THE commencement exercises of Stanford Female College will begin at 10 o'clock sharp at Walton's Opera House Thursday morning.

OIL WITCH.—Mr. J. C. Hays, of Woodford, who says he can locate oil, was here Friday and Saturday. He says there is an abundance of oil in this section.

HUSTONVILLE FAIR.—A meeting of the stockholders of the Hustonville Fair was held Saturday afternoon, and W. W. Lyon was elected president and W. D. Hocker secretary. July 30, 31 and Aug. 1 were decided upon as the dates for holding the next fair.

CALDWELL.—David Caldwell, aged 19 and son of Mr. H. H. Caldwell, died near Waynesburg Saturday of typhoid fever and was buried in Double Springs Cemetery after services by Rev. T. M. Smith Sunday. Mr. Caldwell was a fine young man and his death is the source of much regret.

PROF. M. O. WINFREY has our thanks for a program of the Kentucky Educational Association's meeting at Lexington June 24-26. The program is a most comprehensive one and some of the best educators in the State will take part in it. Prof. Winfrey is down for a talk on "High School Possibilities."

THE elocutionary contest to be given at Walton's Opera House, Wednesday evening, June 18th, will excel anything of the kind ever given in Stanford in the past nine years. This is our first annual contest and we propose to leave nothing undone to make it a success, sparing neither time nor means to do so. Reserved seats are going rapidly, the management receiving orders by each mail. They are on sale at McRoberts' drug store.

THE Baccalaureate sermon at the Presbyterian church Sunday morning by President B. J. Pinkerton, of Stanford Female College, is considered one of the most able and scholarly efforts ever heard in Stanford. The church was filled to overflowing and the attention given Mr. Pinkerton was excellent. The choir singing was a feature of the services and Miss Nell Warren's beautiful solo was a treat. The graduates were all dressed in their best "bib and tucker" and they made a lovely and happy group.

THE Crab Orchard Fair & Racing Association has about completed its half mile track, which will be a daisy. It will be very fast because of the fact that there is not a hill in it to speak of. Work on the amphitheatre will begin this week. Large premiums and purses are being arranged for the exhibition and before many weeks the catalogue of the first annual fair will be in the hands of the reader. President R. H. Bronaugh and Secretary A. W. Buchanan are working untiringly for the success of the enterprise, while the directors and other officers than those named are doing all in their power. Everybody is pulling for the fair.

STANFORD, - - KENTUCKY

Eagle Bird,

The mighty son of the great King Eagle.

Eagle Bird as a show stallion has but few equals. He won the \$500 award at Lexington, Ky., defeating some of the greatest horses that Kentucky has ever produced.

Eagle Bird, as a sire of good colored, high finished horses, is not surpassed. His colts are in demand and are selling for high prices, either for business or breeding purposes. Will make the present season at the stable of his owners, 2 miles west of Stanford on the Shelby City pike at the low price of

\$10 to insure a Living Colt.
Parting with the mare forfeits the insurance.

Also at the same place we will stand the fine mule Jack.

SWEET WILLIAM,
at \$8 to insure. No better mule Jack will be offered for public service than this one. For further particulars, address

DIGNITY DARE.

DESCRIPTION.—Foaled 1895, 15 hands 3 1/2 in. high, weighs, in good flesh, 1,200 pounds; mahogany bay, with black points; a model in form with that wonderful style characteristic of the Chester Dare family so universally acknowledged as superior to all. As a show horse he has made a good record, winning in his class and sweepstakes many blue ties. In his 3-year-old form wore 13 blue ties out of 14 shows thro' Central Kentucky. In harness he is very stylish, well gaited, with pure decided action and steps a clip few saddle horses can show, making him a harness horse of the highest type. Under saddle he is attractive, bold, with best of line action, speedy, separating his gates perfectly, with knee action necessary for an up-to-date sire. His colts, though young, are coming to the front and fast ranking him one of the best of breeders, which class bring sensational prices. His colts are large, rangy, with long, well-set neck, fine backs, broad, flat bone, with great action and best of colors. I respectfully invite you to call and inspect them before booking your mares.

MIDDLEBURG.

E. O. Wesley, of Powers, will move into the house with Dr. Perry Wesley on Lyme St.

The Middleburg and Crawfish base ball teams crossed bats at Crawfish Saturday and the game had to be called on account of rain, only two innings having been played. The score stood 2 and 2.

One of Prof. Davis' students made the best grade in the examination at Liberty last week. It was Everett Stroud. There 39 examined and 14 first class certificates were issued. Ten of them were students of Middleburg Normal College, which speaks for itself. Those getting first class were: Misses Maud James, Ethel Depp, Dora Cox, Lucy Coffey, Mollie Thomas and Willie Fogle; Messrs. Ernest Stroud, W. C. Bryant, J. D. Depp and A. D. Wesley. There were eight failures and only one from Prof. Davis' excellent school.

Matt Horton and family, of Frankfort, are visiting Mr. J. W. McWhorter. West Hogue, of Somerset, who has been visiting his parents, has returned. Miss Annie Godbey, who has been visiting at Bethel Ridge, has returned. Rev. L. R. Godbey is very sick, but we hope that he will be entirely well by the time we receive this in print. Rev. J. B. Ferrell is visiting in Bardstown. Mrs. J. T. Wesley is on the sick list. Dr. J. T. Wesley was in Stanford Wednesday. Carter Bros., travelling photographers, have moved their car from this place to Kidd's Store. Mrs. Sherrell Stapp, of Hartwell, is visiting her father, Mr. W. P. Keeney.

The year ending June 30, 1902, will surpass all preceding years in the number of immigrants arriving in the United States. It is said that the total will be more than 600,000, while the highest previous record was 592,000. This showing upsets the theory that the high mark of immigration passed with the general occupation of all sections of the United States by native and foreign settlers. It is true that a great deal of public land, in detached sections, still remains for utilization, but there are no longer vast domains such as in former times appealed to the agricultural immigrants. The greatest numbers still comes from Southern Italy and from Austro-Hungary.

As an illustration of the advantages derived from business combination, it is stated that last week the clearances of a New York bank, amounting to \$1,223,024 in one day, were settled by the payment of 10 cents in cash. This is said to be the smallest credit balance recorded in the New York clearing house in 20 years. The transaction is of more than common interest. If there were no clearing house, the bank's messenger might have had to visit two or three hundred similar institutions, while the account remained unsettled for two or three days. As it was, two hours after the bank closed its agent cleared the books for the day by the transfer of a dime.

Elizabethtown and Bowling Green, second week in September. Interstate Fair, Louisville, fourth week in September.

CONSTIPATED BOWELS.

To have good health, the body should be kept in a laxative condition and the bowels moved at least once a day, so that all the poisonous wastes are expelled daily. Mr. G. L. Edwards, 142, N. Main St., Wichita, Kas., writes: "I have used Herbine to regulate the liver and bowels for the past 10 years and found it a reliable remedy." 50c at Penny's Drug Store.

1902 A Year of Disasters.

The prophets who predicted that 1902 would be a year of disasters were correct. They have been in the habit of uttering these prophecies year after year without result, but this year they have been verified, though but five months have passed. If one only prophesies patiently and persistently he will assuredly be right, as the almanac in the country in which had the legend, "About this time expect rain." Nature has not been so busy with her forces of devastation for many years past as she has been during the first five months of the present year. Volcanic eruptions and earthquakes have destroyed 48,450 lives, storms 704, tornadoes 416, cyclones 220, floods 333, avalanches 228, tidal waves 103, snow slides 39 and water spouts 12, a total of 50,505 lives destroyed by nature's elemental disturbances. If to this total were added the lives lost by agencies over which man has more or less control, such as fires, mine disasters, explosions, railroad accidents and vessel wrecks, it would be increased to over 60,000, and this takes no account of individual lives lost in this country, which would bring the grand total up to about 100,000 lives lost in the short period of five months.

In the presence of these great natural convulsions man is powerless and probably always will be. As to the disasters occasioned by human ignorance or carelessness or neglect the despair of the situation is that the catastrophe of today is a sensation for the day and tomorrow is generally forgotten. It has its lesson, but it is not often read. Even if read it is rarely heeded.—Chicago Tribune.

Don't allow an agent or solicitor of any other company to induce you to give up or surrender your policy in the Home. Bear in mind that agents and solicitors of other companies have no right whatever to the possession of your Home policy. Therefore keep a sharp watch for the man who wants you to give up your Home policy and take one in his company. It all means loss to you and only you. Any disinterested man who knows insurance companies will tell you there are none better and few as good as the HOME OF NEW YORK. And any man who asks you to give up a Home policy for another, is more interested in the money he is to make out of it than he is about your welfare. Address or call on
